

UK Government and Parliament - Petition: PROTECT OUR GREENBELT

We call on the Government to reverse its position on Metropolitan Greenbelt, and to require Local Planning Authorities and the Planning Inspectorate to maintain and protect the Greenbelt.

Tonbridge and Malling being our example of many Greenbelt Borough's in danger of losing that protection.

Tonbridge and Malling Borough Council have created an abhorrent Local Plan to build thousands of houses on the Greenbelt adjoining Areas of Outstanding Natural Beauty AONB

YES, to support the campaign petition to PROTECT OUR GREENBELT.
