I have nothing in my calendar for the whole day. I am in the office from 8.20 so whenever is convenient for you to reach the council office will be fine by me.

Thanks,

Kirstie

Good Morning Kirstie,
The meeting that I was attending this afternoon has been cancelled so I am now available to meet you on site today, see you at 2pm.
Regards,
Russell

Hi Russell,

Thank you for coming back to me and apologies for the need to rush with this. It has been arranged that a colleague and myself will visit site at 2pm today. I am sure there is nothing wrong with the methods being used at the site but as with any accusation we have to fully investigate it. Albert Prince has also offered to meet with me next week in order to show me his records.

If anything does come up I will be sure to contact you.

Kind regards,

Kirstie Atkins BSc AMIEnvSc

**Proof that Kirstie has
not been to site before
28 Feb 2014**

I'm here all day so we can meet down stairs. I'm terrible with names and faces so I may just be wandering round looking lost! I've never been to site before so if you have may be best if you drive. If not I can use my trusty satnav. What time would we need to leave?

Kirstie

Morning,

We can meet on site if you have other places to see, I think there is a car park just off the roundabout. Otherwise if you want to come and find me and we can go together. I sit opposite Robin from Team 1.

Paul

Hi Paul,

I am free all day so 2pm is fine for me. Where shall we meet?

Thanks,

Kirstie
